Available Position:

Senior POS Integration Software Engineer (Radiant/Aloha)

Company Background:

Tabletop Media, LLC (TTM) is a media technology company that has created the first digital table tent display and pay-at-the-table device (called Ziosk™) for casual dining chain restaurants in the US. TTM's Ziosk product is a wireless, 7" touch screen payment device that can display specials, entertainment and local information. TTM is strategically headquartered in Dallas, TX, known as the nation's casual dining chain restaurant capital.
